

## First Time

Hank Locklin

You opened the door to heaven the first time I kissed you the f  
irst time  
With you in my arms I knew then the first time I kissed you you  
were mine  
I can't stay away from you it's true  
You were meant for me and I was meant for you  
I've fallen in love with an angel the first time I kissed you t  
he first time  
I can't stay away from you...
