

I'm Sorry We Met

Hank Snow

Though you have refused
To see me, my dear
You'd rather I'd be all alone
Still I can't forget
The kisses we knew
And the days
When I called you my own
But you found another
And you loved him too
My heart is broken
I'm sad and I'm blue
I am sorry we met
It's so hard to forget
The days that used to be

But you found another...
And though you weren't true
I still think of you
And your memory's so dear to me
But you found another...
