

Annie Over

Hank Thompson

Annie Over here comes my heart
Do you recall you let it fall the time before?
Annie Over here comes my heart
I'll try again, maybe I'll win your love once more

I just threw my heart to you with so much love inside
Won't you play the game with me don't run away and hide
Annie Over here comes my heart
Is this the end, our love depends on what you decide

Annie Over here comes my heart
Do you recall you let it fall the time before?
Annie Over here comes my heart
I'll try again maybe I'll win your love once more

I just threw my heart to you with so much love inside
Won't you play the game with me don't run away and hide
Annie Over here comes my heart
Is this the end, our love depends on what you decide
