

# You'll Be The One

Hank Thompson

If I'll ever fall in love with someone you'll be the one  
If I'll ever feel the feeling coming you'll be the one  
If I'll ever decide to hold someone and say I love you true  
Well I can promise this the one I kiss will be you

If I'll ever get my heart in shape dear to love once more  
Then it'll be yours to break dear like the time bofore  
If I'll ever decide that heartaches and sleepless nights are fun  
If I wanna get hurt by a real expert you'll be the one  
[ guitar - fiddle - piano ]  
If I'll ever get my heart in shape...
