

Loving Instructor

Hank Williams Jr.

Well I'm rough around the edges broad at the shoulders
Hard at the belly and a all night soldier
I tell ya ooh I'm a full grown man
I'm a loving instructor teaching every woman I can

I remember very fondly my high school days
I made letters in loving the girls give me top grade
I tell ya ooh I'm a full grown man
Yeah I'm a loving instructor teaching every woman I can

This is how you kiss this is how you hug
This is how you make love
This is how you touch this is how you talk
When I get through with you this is how you gonna walk

No I don't run no I don't jog
I get so much exercise down here on the job
I tell ya ooh I'm a full grown man
Yeah I'm a loving instructor instructing every woman I can

Gotta make a living

Yeah I'm a loving instructor teaching every woman I can
First lesson breathe
