## **Old Before My Time**

## Hank Williams Jr.

You'd like to have me take you dancin' every other night It's gotten so my eyes're runner custom to daylight My bills're runnin' up and I am runnin' down The way I'm goin' soon I'll be sent the underground You're gonna make me old before my time I don't know how you go on like you do But I don't mind growin' old before my time just as long as I'l 1 grow old with you You're gonna make me old... You're gonna make me old...
