Kiss Of Life

Hanna Pakarinen

I can see the thing with you your forrest and your trees
You're so close to who you are you don't know how to be

Blind to other points of view you wander aimlessly
You could find your way again if you would just hear me
I know that you won't die
You think that it's a lie?
I'll show you what it means to be free

I could change your life
and open up your mind
Or you could stay the same
and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows

You're not answering your phone you let it ring and ring now your crises starts to breathe I can't do a thing I know that you won't die You think that it's a lie? I'll show you what it means to be free

I could change your life
and open up your mind
Or you could stay the same
and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows

I believe that you've finally found the door Here's the key that you've got to push Push that more...

I can see the thing with you your forrest and your trees
You're so close to who you are you don't know how to be

I could change your life and open up your mind Or you could stay the same and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows
