

# I Got Nerve

Hannah Montana

We haven't met  
And that's OK  
'cause you will be asking for me one day  
Don't want to wait  
In line

The moment is mine believe me

Don't close your eyes  
'cause it's a chance worth takin'  
And I think that I can shake you

I know where I stand  
I know who I am  
I would never run away when life gets bad, it's  
Everything I see  
Every part of me  
Gonna get what I deserve  
I got nerve (I got I got I got)

Electrified, I'm on a wire  
Getting together we're on fire  
What I said you heard  
Now I got you spinning

Don't close your mind  
The words I use are open  
And I think that I can show you

I know where I stand  
I know who I am  
I would never run away when life gets bad, it's  
Everything I see  
Every part of me  
I know I can change the world, yeah, yeah, yeah  
I know what you like  
I know what you think  
Not afraid to stare you down until you blink, it's  
Everything I see  
Every part of me  
Gonna get what I deserve  
I got nerve

You, you need to discover  
Who can make you feel free  
And I, I need to uncover  
The part of you that's reaching out for me, hey

I know where I stand, I know who I am  
I would never run away when life gets bad  
It's everything I see, every part of me  
I know I can change the world yeah yeah yeah

I know what you like, I know what you think  
Not afraid to stare you down until you blink  
It's everything I see, every part of me  
Gonna get what I deserve, I got nerve

(I'm what you want, I'm what you need)  
Yeah yeah yeah, I got nerve  
(I'm what you want, I'm what you need)

I know what you like, I know what you think  
Not afraid to stare you down until you blink  
It's everything I see, every part of me  
Gonna get what I deserve  
I got, I got nerve
