# Problem Child

**Hanoi Rocks**

I'm in a problem, can't find a solution
Problem, give me the solution,
Problem, I'm causing confusion, problem

Energy pushing in my blood,
I could kill myself but I haven't got the guts, oh no

Well it's a Saturday night, I've got nothin' to lose,
I'm all out of money, I'm all out of booze
I'm walking down the street, I'm in the need of blues

I'm in a problem, can't find a solution
Problem, give me the solution,
Problem, I'm causing confusion, problem

Problem child, and I'm wild,
I'm in the need to break all the rules
I'm in a problem, problem, problem, problem , problem, problem,
 problem child, yeah
