

If Love Is A Game, I Win

Happy Rhodes

Oh baby, don't you know I can feel it in your hands?
You've been awake for a million years
Oh baby, don't you know I'll have nobody else?
I'm in love with you, and it feels good
Oh this is where life begins
If love is a game, I win
(Repeat twice)
If this is where life begins
If love is a game I win
