

Hypnotized

Hardline

Hey baby, sure love your wait, great getting to me
Hang on, don't wake me up 'til it's over now
Aw yeah, I can smell every little inch of you
Yes sir, I swear the man I can feel it too, babe

One should be a crime
Shake it for me one time
You're some kind of mesmerize
Girl, you got me hypnotized, yeah

Hey sugar, mix up your spice, dear it's just right
Hang on, belt yourself for a bumper ride
Oh baby, how about forever and a little more
Damsel maybe, from a princess to a cavort, yeah

One should be a crime
Shake it for me one time
You're some kind of mesmerize
Girl, you got me hypnotized, damn

Hey babe, watch ya something is happening
Right down, down to the flavor of the sin
Wipe me up, wipe me up for an over spin
Let me, let me go, you know that I will jump right in, yeah

One should be a crime
Shake, shake it for me one time, one time
You're some kind of mesmerize
Girl, you got me hypnotized, yeah
