

Valerie

Harpo

Valerie, I remember Valentine
On that day the world had shined
'Cos she was born last Valentine

I couldn't believe this child was mine
I closed my eyes to see

If my hands could feel
Valerie, and she was real
Valerie, and for the first time I said "Valerie"

Soon she will learn how to walk

And slowly start to talk
And ask me everything
And I will sing that

Valerie, I remember Valentine,
On that day the world had shined
'Cos you are born on Valentine

Soon she will learn how to walk
And slowly start to talk
And ask me everything
And I will sing that

Valerie, I remember Valentine,
On that day the world had shined
'Cos you are born on Valentine

Valerie
