## **Can't Help Falling In Love**

## **Harrison Craig**

Wise men say only fools rush in but I can't help falling in love with you Shall I stay would it be a sin If I can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes some things are meant to be
Take my hand, take my whole life too
for I can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes some things are meant to be
Take my hand, take my whole life too
for I can't help falling in love with you
for I can't help falling in love with you
