

Do You Believe

Harry Nilsson

Do you believe, you believe me when I say I love you
Or when I say my love will be true
If you believe me when you know that I'm just out for your love
You're a fool, such a fool, yeah

A-one time any time a long time ago
A fellow grabbed me by the arm and he said, son
If you wanna beat a woman at the game of love
You gotta kiss (yeah), and then you gotta run run run

Do you believe, you believe me when I say I can
A-lovin' you is my first rule
If you believe me when you know that I'm just out for romance
You're a fool, oh, such a fool, yeah yeah yeah
I know it's mean, whoa-ah I know it's cruel yeah
If you believe me when you know that I'm just out for your love
You're a fool, yeah-yeah

Well one time any time a long time ago
A fellow grabbed me by the arm and he said, son
If you wanna beat a woman at the game of love
You gotta kiss (yeah), and then you gotta run run run

Do you believe, you believe me when I say I can
A-lovin' you is my first rule
If you believe me when you know that I'm just out for romance
You're a fool, whoa you're such a fool, yeah yeah
I know it's mean, yeah I know it's cruel yeah
If you believe me when you know that I'm just out for your love
You're a fool, oh such a fool
I know it's mean, yeah, I know it's cruel yeah
If you believe me when you know that I'm just out for your love
You're a fool, oh such a fool
I know it's mean I know it's cruel yeah
