It's So Easy

Harry Nilsson

What could you do if I had you?
What would I want to do without you?
What good is being without you?
Why should I run around after you?
You're so good,
You're so good,
You're so good,
You're so easy
How do you feel when you see me
What do you see when you see through me?
It's so good to be inside you
Can't stop myself from messing with you
You're so good
You're so good
You're so good
You're so easy
You're so good
You're so good
You're so good
You're so easy

What do you see when you see me
Do you see you when you see through me?
What do you feel when your near me
Is that the truth can you hear me
You're so good
You're so good
You're so good
You're so easy
You're so good
You're so good
You're so good
You're so easy
