

Sleep Late, My Lady Friend

Harry Nilsson

Sleep Late My Lady Friend
Let the warm summer breeze drift through your window
Sleep Late My...My Lady Friend
and dream a dream of Ceilito Lindo
We had a time the time of our lives
We did the town
Tore it upside down
Then I walked you home
Sleep Late My Lady Friend
Let the feel of the dance hold your hand as you lay sleeping
Sleep Late My Lady Friend
And dream a dream of a night worth keeping
We had a time, the time of our lives
We did the town
Tore it upside down
Then I walked you home
Sleep Late My Lady Friend
