

Yellow Man

Harry Nilsson

Very far away in a foreign land
Lives a young woman and a yellow man
He's been around for many a year
They say they were there before we were here.

Eatin' rice all day while the children play
You see he believes in the family
Just like you and me.

Oh, yellow man, yellow man
We understand, you know we understand.

Dat dat dat dat dat dat...

Keeps his money tight in his hand
With his yellow woman, he's a yellow man
Got to have a yellow woman when you're a yellow man.
