## **Deathtrip**

## Hatesphere

Fighting to be released From the strings attached to me Intriguing voice invades my head The dark side speaks to me

Deathtrip
For death I am yearning
Deathtrip
My whole world is burning

I enter the gates to his mind Let the sickness inside The rush of power turns me on Raise the hatchet for the below

Deathtrip
For death I am yearning
Deathtrip
My whole world is burning

This rush of blood
Has turned against me
Pleasure and pain goes hand in hand
The hatchet's pointing my way
Deathtrip
