

City Of Darkness

Havana Brown

In the city of darkness
We dancing with the stars
In the city of darkness
We don't care who you are

Cause there's one thing we know, woah
There's one thing we know, yeah, yeah
There's one thing we know, whoah

That no one lives forever!
That no one lives forever!

In the city of darkness
We choose to refuse to cry
In the city of darkness
We're not scare to live or die

Cause there's one thing we know, woah
There's one thing we know, yeah, yeah
There's one thing we know, whoah

That no one lives forever!
That no one lives forever!

In the city of darkness
We dancing with the stars
In the city of darkness
We don't care who you are

Cause there's one thing we know, woah
There's one thing we know, yeah, yeah
There's one thing we know, whoah

That no one lives forever!
That no one lives forever!
