

## City Of Doom

Have Mercy

The source of death & destruction where flowers dare not grow

The city that Satan dwells in, mankind may never know, he may never know

His reigning force of evil, for which there is no escape  
There is no hope for life, abandon all hope & die

Sinners you've failed, for now you must pay

Beware this place where sins are paid

You're dismissed by God, you can not be saved

Beware there is no escape for you have entered the city

You lived your life in evil, you really didn't care

You blasphemed & took the oath & to Satan you did swear, why did you have to swear

The black city of death, where you are just a slave

The pain is one you can not take, you're rotting in your grave

Innocents of birth, only two ways to go

The path you choose is your demise, your destiny is up to you, you must decide

Hell is full of sadness, the suffering & the pain

Heaven is full of pleasure but you must earn your way
