

# Blue Burns Orange

## Hawthorne Heights

Bleed these colors open wide  
Burning blues from butterflies  
(Tonight we, Tonight we fly)  
Flying faster through the night  
Until the orange of morning light  
(Dear black goodbye, Dear black goodbye)

I know it's hard to make this work  
When you're all alone (Alone)

And I've been waiting for so long  
To hold you in my arms  
Embrace forever my sweet girl

Water fills these open eyes  
(Tonight we fly)  
Still frames and valentines  
Won't keep me in her mind  
(Dear black goodbye, Dear black goodbye)

I know it's hard to make this work  
When you're all alone (Alone)

And I've been waiting for so long  
To hold you in my arms  
Embrace forever my sweet girl  
(2x)

You are the ghost of everything  
that I'm not and I want to be  
(2x)

Dear black goodbye (Goodbye)  
Don't forget to write  
Your name inside (Goodbye)  
Of my life

And I know it's hard to make this work  
When you're all alone

I've been waiting for so long  
To hold you in my arms  
And I've been waiting for so long  
To hold you in my arms  
Embrace forever my sweet girl
