

# I'm To Blame

Hayden

I considered your letter  
I understood your questions

I'm wasting away,  
I've gone astray,  
Take me away,  
I know what you'll say.  
I'm to blame,  
Didn't want change,  
Things can't stay the same way.

Come get me, I'm ready  
My minds changed  
Will you take me?

I'm wasting Away  
I've gone astray  
Take Me away  
I know what you'll say
