

Sugar on the Rim

Hayley Williams

Sugar on the rim
Sugar on the rim
Sugar on the rim
Sugar on the rim
Sugar on the rim
Sugar on the rim

Do you taste old shame
When you lick my wounds?
'Cause I feel redeemed in spite of you
Had a life in hiding but a storm kept coming in
Could you be the silver lining?
Like sugar on the rim

You took me by
You took me by
You took me by
Surprise
You took me by
You took me by
You took me by
Surprise

Never felt this sensation
A kiss to every scar
Eclipse my expectation
Shock to my heart
Sugar on the-
Sugar on the-
Sugar
Sugar
On the rim
On the rim

I love to play with our shadows
In and out of the glow
I'm not afraid of a dark side
Tell me things I don't know
Maybe we just had to feel it
So we'd know the difference
When we tell our gory story
With a sweetness on our lips

You took me by
You took me by
You took me by
Surprise

Never felt this sensation
A kiss to every scar
Eclipse my expectation
Shock to my heart
Never felt this sensation (Sensation)
A kiss to every scar (Scar)
Eclipse my expectation
Shock to my heart

Sugar on the rim
Sugar on the rim
Sugar on the rim
Sugar on the rim
Sugar on the rim
Bitter if you walk away
Mmm, sweeter if you stay
Bitter if you ever walk away
'Cause it just gets sweeter by the day
Bitter if you walk away (Sugar on the rim)
Mmm, sweeter if you stay
Bitter if you ever walk away (Walk away)
'Cause it just gets sweeter by the day

Never felt this sensation
A kiss to every scar
Eclipse my expectation
Shock to my heart (Sugar on the rim)
Never felt this sensation (Sensation)
A kiss to every scar (Scar)
Eclipse my expectation
