She left a note
"He is Legend" was all she wrote

You know it leads to danger
"I'm gonna be a big star some day

The kidnapper is at the comfort Inn We'll find your daughter and we'll get revenge Record me, red carpet (burns)

The reason the handsome one knocks on your door It's the candy, the paper, the blood on the floor It's the "diamonds and the pills"

"Dad, I'm not coming home"
