

Every Other Man

He Is We

If I'm pushing you away
It means I'm begging you to stay
And I'm sorry
If I'm telling you to leave
Inside I'm hurting, believe
You don't want me truly

Your arms are crossed as I slam the door
I can't help but think you don't love me anymore
Damaged goods, I've been damned from the start
Because each and every man
Went and broke my heart
Broke my heart

I don't know how I can put this lightly
I've got a thing for all the ones who hurt me bad
You could say that your demons excite me
Your love's the sweetest hell I've had

I guess we'll burn
I guess we'll burn

With every powerful blow
I'm telling you to just go
But please hold me
With every tear that I cry
I need you more every time
You unfold me baby

I call your name as you walk out the door
It's a twisted game but I love you more
I cry for you as I fall to the floor
It's a toxic shame, an all out war

I don't know how I can put this lightly
I've got a thing for all the ones who hurt me bad
You could say that your demons excite me
Your love's the sweetest hell I've had

I guess we'll burn
I guess we'll burn

I breathe you in, you're in my bones
My sweetest sin, I can't let go
You break my heart, love you anyway
Tear me apart, promise you'll stay

I don't know how I can put this lightly
I've got a thing for all the ones who hurt me bad
You could say that your demons excite me
Your love's the sweetest hell I've had

I guess we'll burn
I guess we'll burn
