

## Too Late For A Change

Headhunter

We grew up as friends, in the same neighbourhood  
Shared the same interests for a long, long time!

Years passed by, one day his family moved away  
I did lose my bud - but we were shure to meet again!

Destiny - wasn't on our side  
No ask for help - destroying bride  
The wheel of time - doesn't turn anymore  
You've lost the game laying dead on the floor!

Was it too late for a change  
The battle is lost no one knows  
Was it too late for a change  
You've executed yourself - overdose!

Once an example for me with such a strong mind  
Hard to imagine you didn't have enough inner strength!

Destiny - wasn't on our side  
No ask for help - destroying bride  
The wheel of time - doesn't turn anymore  
You've lost the game laying dead on the floor!

Was it too late for a change  
The battle is lost no one knows  
Was it too late for a change  
You've executed yourself - overdose!

You've been walkin' the road, you never wanted to go  
Is this the only way out, last exit death?

No idea - no clue  
Why did this happen' to you?  
Can't believe that it's true  
You've taken the deadly brew!

It was too late for a change  
The battle is lost no one knows  
It was too late for a change  
You've executed yourself - overdose!
