Kick!

Bassline

Feel the force

Bring me your silence

This is the sound of the Headhunterz

It's time to introduce you to our very own sound

Bring me your silence

Are you hardheadz still willing to continue?

This is it, don't hesitate

We are the Headhunterz

And we bring you... melody

Prepare yourself to be bashed

Through the barriers of another dimension

We will guide you through

Bring me your silence

This is the sound of the Headhunterz

[2x]

It's time to introduce you to our very own sound

Now feel the force!
