

# Reframed (Every Single Failure)

## Headstones

Said I'll been leaving now  
I thank you for the trouble  
Your compassion seems to even up the score

Your ability to ridicule  
Has left things at a standstill  
And I don't find it peculiar anymore

I didn't drive here  
But I know that I was driven  
And I trust that you would know to overcome

And take over  
The precious seconds of this minute  
That left us both alone and fucking numb

I'm amazed that I  
Haven't caved  
And I've still got faith  
In myself today  
I'm no stranger  
To misbehaviour  
I've reframed every single failure

The promises we made  
Weren't broken but they're fading  
Neither one of us should be guilty or ashamed

It's just a word I heard  
Maybe I don't remember  
Somewhere along the line I misbehaved

I'm amazed that I  
Haven't changed  
With all the rage  
In the world today  
I'm no stranger  
To human nature  
I've reframed every single failure

Missing pieces that are  
Left out of the story  
Painting over all things we didn't like

It's got something to do  
With what makes us all tick  
There's something there that eats us up inside

I'm amazed that I  
Haven't caved  
And I still have faith  
In myself today  
I'm no stranger  
To misbehaviour  
I've reframed every single failure  
Every single failure  
Every single failure

Every single failure
