

I know she's supersmart  
Got her shit together  
But she just falls apart  
When the right people let her  
I'm constantly on guard  
My best behaviour  
Befits anyone  
That's caught up in trying to save that girl  
That girl is supersmart  
Worm crawling up her spine  
Waiting for someone else to decide  
When it gets to the top  
Well it whispers in her ear
