

## In Memory Of...

Heathen

I'll never be the same  
"never" forever our lives were changed knowing the memory of you  
Nothing last forever, no never  
Nothing ever stays the same  
Theirs really no one to blame

We live and we die, were there's truth, there's a lie  
I try to understand the reasons why we all must go  
The meaning, the feeling, there is no fear to  
Fear but the pain will never disappear

A thousand words cannot describe this pain, so for you  
I write this song in memory of your name  
So I can only say goodbye, "goodbye"  
So long my friend until we meet again

We live and we die, were there's truth, there's a lie  
I try to understand the reasons why we all must go  
The meaning, the feeling, there is no fear to  
Fear but the pain will never disappear

I'll never be the same. "forget you I will never do"  
I will never be the same  
In each of us is a part of you and every moment is just a fraction in time  
A moment to live, a moment to die, I will never be the same
