

## Shrine of Apathy

Heathen

Inside this maze in which I dwell  
A hollow man, an empty shell  
My thoughts betray me  
Memories enslave me

Lost in this time, lost in this place  
My soul is gone without a trace  
A spirit taken  
Can't reawaken

Can you hear me as I warn you?  
This journey into darkened night  
The fading sound, the burning light  
My sorrow beckons  
And silence deafens

Trapped in this mind, trapped in this space  
My sentence long, no sign of grace  
Life in remission  
Can't leave this prison

Can you hear me as I warn you?  
Can you see me as I mourn you?

I'm all alone  
Inside this shrine  
I've built to apathy

Turn blood to stone  
Sweet pain divine  
Let life just slip away

Can you hear me as I warn you?  
Can you see me as I mourn you?

Inside this maze in which I dwell  
A hollow man, an empty shell
