## **London Rain (Nothing Heals Me Like You Do)**

## **Heather Nova**

I'm coming, I'm coming home to you
I'm alive, I'm a mess
I can't wait to get home to you
To get warm and undressed

There've been changes beyond my dreams Everybody wants me to sing There've been changes beyond my grasp Things I'm sinking in

So keep me, keep me in your bed all day, all day Nothing heals me like you do Nothing heals me like you do

And when somebody knows you well Well, there's no comfort like that And when somebody needs you Well, there's no drug like that

So keep me, keep me in your bed all day, all day Nothing heals me like you do Nothing heals me like you do

And when I'm home, curled in your arms
And I'm safe again
I'll close my eyes and sleep, sleep
To the sound of london rain

So keep me, keep me in your bed all day, all day Nothing heals me like you do So keep me, keep me in your bed all day, all day Nothing heals me like you do Nothing heals me like you do

Nothing falls like london rain Nothing heals me like you do Nothing falls like london rain Nothing heals me like you do Nothing falls like london rain Nothing heals me like you do Nothing falls like london rain Nothing heals me like you do
