

# Make You Mine

Heather Nova

You're the one I think about time after time  
You're the one that comes to me, visions in the night  
I want to complicate your feelings  
I want to heat you up inside  
Yeah yeah yeah, I wanna make you mine

I'll be your sun coming up  
I'll be your dog days  
I'll be your new morning  
Kiss you baby  
I'll be the bluebird singing  
I'll keep you warm  
I'll take you deep in  
Take you deep in

Gonna make my bed beside you  
In the bluebells of your soul  
Gonna slip into your river, babe  
Linger in your shoals  
And when the stars are bright like fireflies  
And the night is black as coal  
Yeah yeah yeah, I'm gonna make you mine

I'll be your sun coming up  
I'll be your dog days  
I'll be your sweet honey  
I kiss you baby  
I'll be the bluebird singing  
I'll keep you warm  
I'll take you deep in  
Take you deep in

On another side of time  
Before the sea runs dry  
Yeah yeah yeah  
On another side of time  
Where the love runs high  
I'm gonna make you mine  
Gonna make you mine x4  
Gonna make you mine, yeah

I'll be your sun coming up  
I'll be your dog days  
I'll be your new morning  
Kiss you baby  
I'll be the bluebird singing  
I'll keep you warm  
I'll take you deep in  
Take you deep in  
Yeah, yeah, yeah

On another side of time  
Before the sea runs dry  
Yeah yeah yeah  
On another side of time  
Where the love runs high  
I'm gonna make you mine

Gonna make you mine  
Gonna make you mine  
I'm gonna make you mine

On another side of time  
Before the sea runs dry  
Yeah yeah yeah  
On another side of time  
Where the love runs high  
I'm gonna make you mine  
Gonna make you mine  
Gonna make you mine  
Yeah, yeah, yeah  
I'm gonna make you mine  
Gonna make you mine

In the bluebells of your soul  
Yeah before the sea runs dry
