

## Winter Blue

Heather Nova

Kiss your lashes, kiss you low  
I'm driven to you like the driven snow  
There's a place for us to lie  
For every lover there's a piece of sky

To every life a light that shines  
To every heart a beat that's true  
Baby you're my yellow summer  
You're my winterblue

You know that this was meant to be  
Long ago a hundred years from now  
Tossing on an open sea  
Love so good it's easy to go down

Love you like a jungle fever  
I'll never never never leave  
Through every vein and every fibre  
I'll never never never leave

To every life a light that shines  
To every heart a beat that's true  
You're my yellow summer  
You're my winterblue  
Winterblue, winterblue
