

# Purpose of a Virgin Mind

Heavatar

I'm falling  
Deep down on the ground I'm crawling  
I suffer  
Circumstances getting rougher not an easy time  
I whisper  
Poems of courage make me shiver  
I wonder  
How these things could pull me under  
Realign!  
Standing still  
Unbowed

Minute after minute  
Hour after hour  
Waiting for the moment I'm revived

The time to reunite  
To enforce, to reempower  
Purpose of a virgin mind

I will survive, I'm tracing  
Oh so vengeful I am chasing  
Those backbiting will live to see a strike exciting  
None shall get away

I'm growing  
Aura of the brave starts glowing  
A ravage  
Unleashed by this unknown savage  
Hell awakes  
Take more than allowed
