

# Atom And Evil

## Heaven & Hell

Blue skies, once upon a dream  
All eyes never in between

Then into the garden came the spider  
"I'm here for you," said the spider to the fly  
And when I'm through, you can open up your eyes to see

Your world on fire, and the liar won't let go  
Atom and Evil

One more promise  
We can tame the sun  
And then we'll shine forever  
Someday you can cry for everyone  
We'll burn when you were clever

Oh!

Expand your mind, we've got a place for you  
Just make believe that one and one are always two

When into the parlor comes the spider  
Just say NO!  
Atom and Evil

Falling's easy  
Rising will never be  
So we must rise together  
Here are the changes  
Powerful harmony  
But then there's no forever  
Atom and Evil

Maybe if we cry together  
Maybe if we cry as one  
The tears will fall to chill the fire  
And keep everyone from  
Atom and Evil

Atom and Evil  
Atom and Evil  
Atom and Evil!
