So peak, it's about to get deep, we just kick
your Third Eye right open don't let your eyeball sleep
The next step is the check, let's tell theses niggas whassup
Cause we get freaky G, no you can't get with me
Save yourself the trouble step back black, and don't even bother
Word to Shop and Swift they get called in like I'm your father

Aiyyo, it's time for me to flow and get down with this
I'm pullin out my mic, spittin off some rounds to this
I gotta known rep, so son you better slide out
Cause when I'm flippin, I'll be rippin your pride out
So called gangsters play roles like in the movies
Oughta save that, they're way bad, you could never do me
I'm real as they come, I'll beat ya numb with my vocal tones
Words hit like aluminum bats to your dome
No charges against me cause I'm jumpin the law man
A-men, punks should cancel their plans
As the invincible principle Gang, is gettin bigger
Sayin peace to the Heavster rollin with a buncha niggas

I bring drama like ya, spit on my momma
Cannibalistic, like that nigga Jeffrey Dahmer

I cook you up so quick they call me Biggie Smalls the Chef
My burner's in my left, I'm not the type to fight
I'm blowin up quick like a stick of dynamite
So call nine-one-one, Biggie's got a gun
The gat to your back, I'm smokin everyone
Quick to pack, quick to squeeze on the trigger
Who's in the house? HUHHHHHH! A buncha niggas!

Like yo, beg your pardon, whoa

Fine, so I headline for the public

Packed with potential, wisdom versatile elements

See the highlight, in fly writing, don't give a (fuck)

and give a shoutout to my Uptown crew and still I'm wreckin

Yo, here I go, here I go, here comes the man again gain

And I got plenty honies there's no need for no sex toy
Free me, slavery, let me go oh no no no

Never ran from static men to crew get dramatic
And I get crazy respect from crazy crews with automatics
Now push could come to shove because they love the way I flip a skip
And that's what keeps me kinda popular with all the honeydaps
