```
I'm gon' make you love me!
Word.. word..
```

Pretty lady, can I have a
Second of your time, in order to deliver
This message that I've been keepin
Inside for a while since you and I been meetin
Now, I've seen girls, in many different places
Some were fly, some with okay faces
But all that you could do was stop and glance
But you really caught the eye of the Overweight Prince
That day that I saw you shoppin in Macy's
Tried to track you down, girl you drove me crazy
Now that I got you, in front of me
You'll never wanna leave Heavy D, I'm gonna make you love me

I'm gonna make you love me, love me
I'm gonna make you love me
I'm gonna make you love me, love me
I'm gonna make you... love me

It took weeks, tried to track you down Spent a whole lot of time searchin all around town It's like you disappeared, without a trace Then one day I turned around BOOM you're right in my face So just chill, cause this will only take a minute Sit down relax while I start from the beginnin See I am Heavy D and entertainment's my profession There's no stoppin love when I start my caressin I can make your day, much brighter than the sun And if you like good times, I'm the one for fun I won't try to buy you girl with my money or gold Cause love can't be bought is how the story is told But I'll treat you really good, give you all of my time And each and every day you will be on my mind All I want from you is truth and honesty You'll never wanna leave Heavy D, cause I'ma make you love me

I'm gonna make you love me
I'm gonna make you love me
I'm gonna make you love me
I'm gonna make YOU... love me

Yeah you see what I'm sayin?
Y'know, come to the crib, say about 9 o'clock
And I'll have the filet mignon
And Dom Perignon CHILLIN on ICE
And when you come, park, y'knahmsayin? Word
