

Life is good for me and you  
What you want you can do  
It's so fine all the time  
It's so good 'cause it's mine  
Everyday something great  
Yesterday wasn't too late  
I know that life is in my hand  
I try so hard for my own land

Free, I can take the fight  
We, we can make it right

I've never felt this strong before  
It's my dream, it gives me more  
It shows me the way like the moonlight  
Shows the way in the night

Free, I can take the fight  
We, we can make it right

When it's hard, I feel pain  
Moving on through the rain  
It's only bad for a while  
Very soon I'm gonna smile  
'Cause I know it's so fine  
It's so good, 'cause it's mine  
Life is good, it's for you  
What you want you can do

Free, I can take the fight  
We, we can make it right
