

Black on Black

Heffron Drive

The misery
A cigarette
Another night
That I'll regret

The suffering
I take a drag
The heat is on
I want you bad

The life I'm living lately
If you only knew you'd hate me
Oh I miss September
The hang up's for escaping
When I wake up I'm shaking
Oh I miss September

The vanity
Your lipstick on
A silhouette
Where you belong

The centerpiece
I recollect
The bittersweet
Taste is back

The life I'm living lately
If you only knew you'd hate me
Oh I miss September
The hang up's for escaping
When I wake up I'm shaking
Oh I miss September

I'm wearing
I'm wearing Black On Black
Black On Black again

I'm wearing
I'm wearing Black On Black
Black On Black again

The life I'm living lately
If you only knew you'd hate me
Oh I miss September
The hang up's for escaping
When I wake up I'm shaking
Oh I miss September

I'm wearing
I'm wearing Black On Black
Black On Black again

I'm wearing
I'm wearing Black On Black
Black On Black again

Oh baby I'm wearing
I'm wearing Black On Black
Black On Black again
