

One Way Ticket

Heffron Drive

On your shoulder there's a golden rose
We're not wasting time if we're comfortable
I've got a shitty car parked outside
If you wanna drive the tank is full

Are you all the way?
Either one of us can take this
All the way

I've got a one way ticket
You're the location
And how we got to this place I'll never know
I've got a one way ticket
Tell me now, do you wanna go
All the way
Do you wanna go?
All the way

Sailing down Ventura blvd
Heading west to feel the difference
A wildfire burning in the dark
Is the best metaphor for all of this

Are you all the way?
Either one of us can take this
All the way

I've got a one way ticket
You're the location
And how we got to this place I'll never know
I've got a one way ticket
Tell me now, do you wanna go
All the way
Do ya?
I've got a one way ticket
Fuck a vacation
You've got the best damn face I've ever known
I've got a one way ticket
Tell me now, do you wanna go
All the way

Do you wanna go?
Do you wanna go?
Do you wanna go?
On your shoulder there's a golden rose

I, I, I've got a one way ticket
You're the location
And how we got to this place I'll never know
I've got a one way ticket
Tell me now, do you wanna go
All the way
Do ya?
I've got a one way ticket
Fuck a vacation
You've got the best damn face I've ever known
I've got a one way ticket

Tell me now, do you wanna go
All the way
Do you wanna go?
All the way
Do you wanna go?
All the way

Do you wanna go?
