

Separate Lives

Heffron Drive

Are we ever good enough?
Is me you running from?
The ice is breaking up
From another perfect storm
I know you wanted all
I know you wanted good
And all I want is now
Yeah, all I want is you

I don't wanna live
Uuuuuh separate lives
Something's gonna give
I can take another night
With the alternative
I don't wanna live
Uuuuuh separate lives
Can't throw my fingertips
Without you here I'm bleeding dry
Be my tourniquet

We're so close to touch
Still a thousand miles apart
We're on the brink of giving up
And now we need a rush to start
I know you wanted all
I know you wanted good
And all I want is now
Yeah, all I want is you
Oh-oh

I don't wanna live
Uuuuuh separate lives
Something's gonna give
I can take another night
With the alternative
I don't wanna live
Uuuuuh separate lives
Can't throw my fingertips
Without you here I'm bleeding dry
Be my tourniquet

I know you wanted all
I know you wanted all
Uuuuuuh I've got to realise
I know you wanted all
I know you wanted all, yeah
I won't be losing it

I don't wanna live
Uhhh separate lives
Something's gonna give
I can take another night
With the alternative
I don't wanna live
Uuuuuh separate lives
Can't throw my fingertips
Without you here I'm bleeding dry

Be my tourniquet

I don't wanna live
Separate lives
I don't wanna live
Separate lives

I don't wanna live
Uuuuuh separate lives
Be my tourniquet
