## **Dgtal Blood**

## **Helalyn Flowers**

Can you taste
What I can feel
When I fall in pieces
And I can't free
What I'm living
Inside a box of emotions?

It's like an intense emergency Like a fluid is becoming erosive And you need to know How I perceive my world around

you wrap me up with your lies on my skin slides your face there's not cure for me there's not antidote

You'll never stop me
'cause inside
You think I'm blowing my life
Just like an anti-law gun
I'll get my future!
Don't you stop me now
I am a dangerous soul
I'll sell my DGTal blood to get my future!

Now You taste
What I can feel
When I fall in pieces
Inside of me?
Broken up
In my locked box of illutions

Try to find a new confine, a new way to fight Electricity's the only way to survive And you need to know
What I'm dreaming beyond my eyes
But I can't believe that you

Wrap me up with your lies on my skin slides your face there's not cure for me there's not antidote

You'll never stop me
'cause inside you think I'm blowing my life
Just like an anti-law gun
I'll get my future!
Don't you stop me now
I am a dangerous soul
I'll sell my DGTal blood to get my future on!

stop because inside you think I'm blowing my life
Just like an anti-law gun
I'll get my future!
Don't you stop me now
I am a dangerous soul

I'll sell my DGTal blood to get my future on!

I'll never take my control… (4x) no I don't won't

You'll never stop me
'cause inside
You think I'm blowing my life
Just like an anti-law gun
I'll get my future!
Don't you stop me now
I am a dangerous soul
I'll sell my DGTal blood to get my future on!
