

It's Coming Now

Helalyn Flowers

Can you see the fire is coming?
It is coming now
It is coming now

Don't you see the fire is coming
It is coming now
It is coming now

Where is it from?
Not of this Earth
Can you see the fire is coming?
It is coming now

It is coming now

With a red-blood smile it is coming
It is coming now
It is coming now

Where is it from?
Not of this Earth
Yeah, let it grow
No more control
Here it comes now
It walks in your eyes
