

Nyctophilia

Helalyn Flowers

In the dark I feel you
Healing the wounds of time
One day you're coming nearer
One day you're lying so high
Set me free in your wonders
Teach me to be strong
One day I'll find a reason
To fight the World
And find my way
Oh Nyctophilia (x2)

In the dark I feel you
Healing the wounds of time
Your pale glimmers guide my visions
Your black crows cover my eyes
Set me free in your wonders
Teach me to be strong
Today you are the reason
To fight the World
And find my way
Oh Nyctophilia
One step away
To Nyctophilia

I'll fight the World
I'll find my way
Here you are
Oh Nyctophilia
Just like the smell after the rain
Lead me now
Oh Nyctophilia
