

# Your Killer Toy

Helalyn Flowers

This is not the beginning of life  
This is not the truth  
But I wonder if I'll know all your pain again  
Cause there is nothing more inside your heart  
If nothing chases you

Fancy noises in the these feelings  
Empty poisons in the secret

Feels like it's all forbidden  
The light goes off, I feel so cold  
I've never been in your dreams before  
Feelings can be yours forever  
And I am your killer toy  
I've never ran in your mind before

I saw you coming here tonight  
But it wasn't true and I want to leave  
Oh, no, I lived in a cage  
Cause there is nothing more inside your heart  
if nothing chases you

Feels like it's all forbidden  
And the light goes off, I feel so cold  
I've never been in your dreams before  
feelings can be yours forever  
And I am your killer toy  
I've never ran in your mind before

Fancy noises in the these feelings  
Empty poisons in the secret  
Fancy noises in the these feelings  
Empty poisons in the secret

Some other way of ecstasy  
She needs a little time a new desire  
Cause everybody needs something to kill  
And everybody needs a new disguise

Feelings can be yours forever  
And I am your killer toy  
I've never ran in your mind before  
Feels like it's all forbidden  
And the light goes off, I feel so cold  
I've never been in your dreams before

feelings can be yours forever  
And I am your killer toy  
I've never ran in your mind before
