

Slow Down

Helena Zeťová

I don't wanna be the one who's stalking,
I just feel it's the way I'm walking.
I'm feeling down, I cling
a little too much, don't want to be the one.

I saw you walking up in my street,
I saw you walking
'round and 'round.

I'm feeling down, I aim a little too high,
don't want to be the one for you. slow
down, slow down, slow down,
until your feet hit the ground.

slow down, slow down, slow down,
until your feet hit the ground.
I don't wanna be the one who's shouting.
I share it all, i'm mystifying
your soul. don't want to be the one for you.

all clear in my head.
slow down, slow down, slow
down, until your feet hit the ground.
slow down, slow down, slow down,
until your feet hit the ground.

but it all boils down to this, with these words in your head:
I was right and so were you,
yeah, so were you, slow down.
slow down and it all boils down,
it all boils down to this:slow down,
slow down, slow down, slow down, slow down,
just slow down, until your feet hit the ground.

slow down, slow down, slow down,
until your feet hit the ground.
slow down, slow down, slow down,
until your feet hit the ground.
