

Until You Beg Me To Leave

Helena Zeťová

It's wild
It's wild
It's wild

What you make me feel (when you touch me)
It's wild
What you make me do (when you please me)
It's wild
What you make me want (when you kiss me)
It's wild
What you make me say (anything)

You make me wanna
Make me wanna
Make me wanna shout
It's wild
'Cause you've been around (unique)

You make me wanna
Make me wanna
Make me wanna live for more

Hey, I said goodbye and he said
'Come on, let me show you my bed'
Hey, I said 'OK, Let's make out, day is over now'

An' I stay, an' I stay, an' I stay, an' I stay, an' I stay
Until you beg me to leave
It's wild
How you make me down (up and down)
It's wild

How you make me cry (like a river)
It's wild
How you make me scream (for more)
It's wild
How you make me wild

You make me wanna
Make me wanna
Make me wanna shout
It's wild
'Cause you've been around (unique)

You make me wanna
Make me wanna
Make me wanna live for more

Hey, I said goodbye and he said
'Come on, let me show you my bed'
Hey, I said 'OK, Let's make out, day is over now'

An' I stay, an' I stay, an' I stay, an' I stay, an' I stay
Until you beg me to leave

You make me wanna
Make me wanna

Make me wanna live for more

Hey, I said goodbye and he said
'Come on, let me show you my bed'

Hey, I said 'OK, Let's make out, day is over now'

Hey, I said goodbye and he said
'Come on, let me show you my bed'

Hey, I said 'OK, Let's make out, day is over now'

An' I stay, an' I stay, an' I stay, an' I stay, an' I stay
Until you beg me to leave
