

## From Here Til Forever

Helene Fischer

It's the end of something perfect  
A day I face alone  
I didn't see it coming  
Just like the great unknown  
Never thought it'd happen  
'Cause we were holding tight  
But it slipped away, we were both too sure when  
It wasn't right  
From here til forever to a place in the sun  
We dreamed we could make it but the truth woke us up  
Still I want you and I need you  
If it's love at any cost  
I'll go here til forever  
If with you I get lost - I'm lost  
You ask way too many questions  
When it's doubt they bring  
Why do you want the answers  
If they don't mean a thing  
Now it's time for sailing  
It's time to gamble high  
And it's straight ahead  
Never turning back  
Now I'll tell you why  
From here til forever to a place in the sun  
We dreamed we could make it but the truth woke us up  
Still I want you and I need you  
If it's love at any cost  
I'll go here til forever  
If with you I get lost - I'm lost  
From here til forever to a place in the sun  
We dreamed we could make it but the truth woke us up  
Still I want you and I need you  
If it's love at any cost  
I'll go here til forever  
If with you I get lost - I'm lost  
Now I'm lost with you  
And I'm lost with you
