Watch your mouth dog! Shut the fuck up! You'll save us This is our way to the shivers You'll save us This is our way to the shivers Load up your guns And put your hands up The revolution starts tonight We break that wall, we'll break down the wall Hey can you feel our power? Yeah, we will blow you away You'll save us This is our way to the shivers You'll save us This is our way to the shivers Can you feel the shivers? Can you feel the pain? Do you feel the shivers? This is just our way Can you feel the shivers? Can you feel the pain? Do you feel the shivers?
